

Policy for Dealing with Allegations of Abuse Against Teachers and Other Staff

1. Introduction

It is essential that any allegation of abuse made against a teacher, other member of staff or volunteer in an education setting is dealt with fairly, quickly and consistently in a way that provides effective protection for the child or children and at the same time supports the individual(s) who are the subject of the allegation.

2. Allegations may be made in the following ways:

- Direct disclosure by the child or young person
- Indirect disclosure i.e. through written work, behaviour or art (especially relevant for children with SEN and Disabilities)
- Complaints from parents
- Complaints to the police from parents, children or young people
- Reports by other colleagues or agencies

3. As an employer, Wallace Road Nursery School has a duty of care to our staff and we will strive to manage and minimise the stress inherent in the investigative process by arranging appropriate and independent support i.e. an appropriate member of the Senior Leadership Team who is not involved in the investigative process, will be assigned to support any individual subject of an allegation. Individuals will be informed of concerns or allegations as soon as possible and given an explanation of the likely course of action, unless there is an objection by Care Services or police.

4. All staff should understand what to do if they receive an allegation against another member of staff or they themselves have concerns about the behaviour or conduct of another member of staff.

5. Purpose

Wallace Road Nursery School has adopted the following policy and procedure to provide, in accordance with current statutory guidance, an effective framework to manage allegations against staff which may indicate that a person is unsuitable to continue to work with children in their present position, or in any capacity.

It should be used when an allegation is received that a teacher, member of staff or volunteer (including school governor) in a school has:

- Behaved in a way that has harmed a child, or may have harmed a child
- Possibly committed a criminal offence against or related to a child or

- Behaved towards a child or children in a way that indicates that they are unsuitable to work with children

Where concerns relating to the conduct of a member of staff have been received or where an allegation has been made, consideration will be given to the need for;

- A police investigation in respect of a possible criminal offence having been committed
- Assessment by Care Services about whether a child is in need of protection or in need of services
- Disciplinary action in respect of the individual

6. Appropriate and Unacceptable Behaviour

At Wallace Road Nursery School we expect the highest standards of behaviour for our staff, both within and outside the school, to ensure that the welfare of children is promoted and safeguarded.

What constitutes appropriate or unacceptable/inappropriate behaviour will vary depending upon the context and nature of the work undertaken. All employers have a responsibility to set personal and professional boundaries of their staff and to be explicit about what behaviours are illegal, inappropriate or unacceptable.

Working Together to Safeguard Children (2023) states that “it is important that even apparently less serious allegations are seen to be followed and that they are examined objectively by someone independent of the organisation concerned” and established the role of Local Authority Designated Officer (LADO) whose responsibilities include:

- Management and oversight of individual cases
- Provision of advice and guidance to employers and voluntary organisation
- Liaison with the police and
- Monitoring the progress of all cases to ensure that they are dealt with as quickly and consistently as possible

7. Use of Suspension

Working Together to Safeguard Children (2023) states that suspension should be considered in every case where:

- There is cause to suspect a child is at risk of significant harm

- The allegation warrants investigation by the police or
- The allegation is so serious that it might be grounds for dismissal

Suspension is not an automatic response to an allegation and consideration of suspension should not be taken until discussions have taken place with other agencies and the Human Resources.

8. Confidentiality

Every effort will be made to maintain confidentiality and guard against unwanted publicity both for the school and the individual concerned, whilst an allegation is being investigated.

In accordance with the Association of Chief Police Officers' (ACPO) guidance the police will not normally provide any information to the press or media unless and until the individual is charged with a criminal offence and the Press Complaints Commission also provides safeguards against the publication of inaccurate and misleading information.

9. Resignations and Compromise Agreements

Whereby an individual who is the subject of an allegation, tenders their resignation or ceases to provide their services, this will not prevent an allegation being followed up and concluded in accordance with the following procedure.

Every effort will be made to reach a conclusion in all cases of an allegation having a bearing on the welfare of children and the suitability of the individual to continue to work in an educational establishment.

In cases whereby an individual refuses to cooperate with the process, they will be given reasonable opportunity to provide a response to the allegation and make full representation. The process of investigating the allegation and reaching a judgement will continue even if the person does not cooperate.

Similarly, so called "compromise agreement" whereby an individual agrees to resign, the school agrees not to pursue disciplinary action, and both parties agree a form of words to be used in future reference requests will not be entered into by Wallace Road Nursery School.

10. Record Keeping

Wallace Road Nursery School will maintain a clear and comprehensive summary of any allegation made which will:

- detail how the allegation was followed up and resolved

- note of action taken
- decisions reached

The summary will be kept on the individual's personnel file and a copy provided to the person concerned.

The purpose of the record is to enable accurate information to be given, prevent unnecessary re-investigations, such as an allegation re-surfacing after a period of time or provide information in response to any future request for a reference if the individual leaves our employment. In addition, it provides clarification in cases where a future CRB Disclosure reveals information from the police in respect of an allegation that doesn't result in a criminal conviction.

This record will be retained until the individual has reached normal retirement age or for a period of 10 years from the date of the allegation if that is longer.

11. Notifying the Independent Safeguarding Authority

The Safeguarding Vulnerable Groups Act 2006 defines the scope of the Vetting and Barring Scheme which is administered by the Independent Safeguarding Authority.

Employers and service providers must refer information to the ISA when they have dismissed an individual or an individual resigns because they harmed, or may harm, a child or vulnerable adult. It is the role of the ISA to determine whether an individual should be barred from working with children and/or vulnerable adults. ISA will inform professional and regulatory bodies when it bars someone so that their professional registration can also be reviewed.

In certain circumstances a referral may be made to regulatory bodies in addition to ISA as their conduct is inconsistent with their Code of Conduct and regulatory standards.

In circumstances whereby an individual would or could have been dismissed on grounds that could lead to barring, they must be referred to ISA even if the individual has stopped working or providing their services.

12. Review Framework

This policy will be reviewed annually (or sooner in the event of revised legislation guidance) and will be considered alongside other relevant policies and procedures which interface and inform one another.

Procedure for Dealing with Allegations of Abuse

Against Teachers and Other Staff

Allegation/Concern re the Conduct of teacher, member of staff or volunteer

All allegations/concerns should be reported directly to the Head

If the allegation or concern relates to the conduct of the Head then this should be reported to the Chair of Governors

This initial sharing of information may lead to a decision that no further action is taken and matters left with the school to decide how best to proceed e.g. further training, support or advice

In other cases, the discussion will focus on agreeing a course of action including the need to hold a strategy meeting under West Northamptonshire Safeguarding Children Board procedures and consider whether suspension is appropriate. The LADO will also canvass the views of police and Care Services personnel

Agreeing Next Actions
